

ANDRÉ LAURENT MAGHREB

STAMPING – FORGING – MACHINING
SMALL AND MEDIUM-SIZED SERIES

ANDRÉ LAURENT MAGHREB
THE ASSEMBLY EXPERT

MEANS OF PRODUCTION

- Forging : 2000m² covered building
- Materials : Carbon steel
Stainless Steel or low alloyed steel
- Machining : Drilling, turning and milling
- Shears of 250T and 300T
- Stamping lines : 500T / 630T / 1000T
Maximum capacity of 8 kilos per piece
- Induction furnaces : 250kw / 500kw / 630kw
- Hydraulic press 250T
- C-Frame presses : 63T / 100T / 160T
- 1 Screw Press 1000T
- 1 Shot-peening machine
- 2 CNC turning machines : Moriseiki / Doosan
- 1 milling machine : Huron
- 1 tooling machine Hernault Somua
- ...

INTERNAL RESOURCES

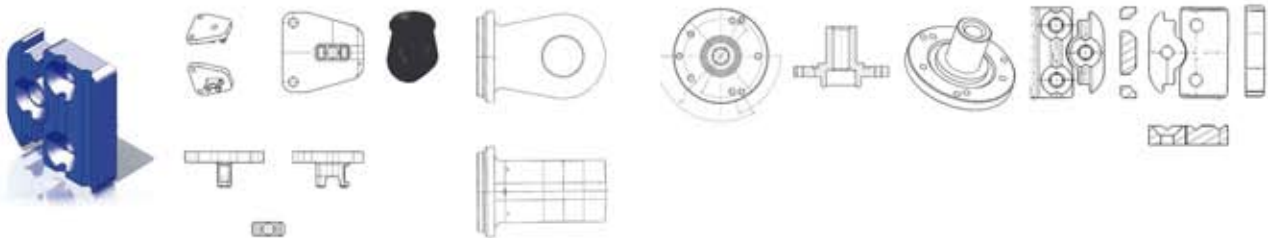

- R&D Department
- Forging Workshop
- Tooling Workshop
- Machining Workshop

YOUR NEEDS, OUR SOLUTIONS

- Surface Treatment
- Heat Treatment
- Quality control laboratory
