OUR LOW-COST AND MID-COST SOLUTIONS

Our global offer relies on André Laurent high quality standard.

COSTS

We have enforced our offer according to geographical areas:

- Low-Cost through our network of Asian and East European partnership
- Mid-Cost through our own production unit in Morocco (Maghreb) since 2008

Our supplier data-base is subjected to the target criteria of ISO 9001 but also to reactivity, logistic compliance and quality.

Our purchasing manager signed dedicated contracts with prime supplier allowing us to have better prices, delivery time to be able to provide the best solutions to customers.

LOGISTIC

- Our factories in France and in Maghreb enable us to benefit from bigger storage possibilities and ability for André Laurent to have dedicated customer stock, a real advantage when it comes to serve a customer rapidly and for its global entities.
- Our company culture has always been based on services ; thanks to our financial surface, we are able to maintain material storage and parts stock for our partners.

WIDE AND WORLDWIDE OFFER

According to the type of products we have to deliver, we benefit from large range of specific process (cold forming, drilling, heat and surface treatment, special shaping...). This range leads us to be much more than a simple supplier but a complete project leader and solutions provider.

Our aim is patterned on our customers aim:

- Reduce the number of supplier while emerging "key supplier"
- Reduce the supplier management time and other indirect costs
- Having a single interface to enforce trust and liability into the partnership

We can propose our customers a wide and globalized offer which is dedicated to improve product portfolio management, the lead time, storage and logistics management.

QUALITY

Security and safety parts expertise

Our Technical, Inspection and Quality Department added to our Laboratory are evidence of André Laurent reflection for quality and security. These elements offer a relative safety to our customers and allow our company to reach the highest standard of excellence.
